KEY INSIGHTS

1. Women and 26-35 year-olds drive Diwali spend. Female shoppers generate Rs 74M of Rs 106M revenue (about 70%), and the 26-35 age group alone brings Rs 43M (about 41%).

2. Two segments carry almost 30% of revenue. Female 26-35 Unmarried (Rs 18.2M, 17.2%, 4,717 orders) and Female 26-35 Married (Rs 12.7M, 12.0%, 3,490 orders) together bring Rs 30.9M from 8,207 orders. The top 5 segments deliver 50.6% of revenue.

3. Order value is similar across top segments (Rs 3,589 to Rs 4,041 vs Rs 3,800 average). Revenue gaps come from how many orders a segment places, not bigger orders.

4. Revenue is concentrated. Uttar Pradesh, Maharashtra, Karnataka and Delhi contribute about 56% of revenue (Rs 19M, 14M, 14M, 12M). Food is the largest category, then Clothing & Apparel, Electronics & Gadgets and Footwear & Shoes.
